Classrooms have been allocated for classes (please see below). Where there are arrows, this indicates that there are doors to the classroom and this is where the children will enter and exit the building at the start and end of the school day. All classrooms will have external doors in September as the school is carrying out this work over the summer holiday.

There will be confirmation over the summer period via text regarding start and end times for different year groups. We are hoping to return to normal timings, however we will have to take into account government guidance nearer the time.

We thank you for your cooperation with these arrangements as we try to ensure a smooth transition into the next academic year.

Yours sincerely
